FlashScan Sealed Thermal Detector

Dear Valued Customer,

Notifier is pleased to announce the release of FlashScan sealed thermal detectors. These IP67 detectors are an ideal addressable solution to any area which requires thermal detection that may be exposed to moisture, dust or other contaminant.

Feature Overview:

- FlashScan protocol (up to 159 x detectors per SLC)
- Fixed temperature or Rate-of-Rise models available
- Adjustable sensitivities from 58°C to 88°C
- IP67 rated
- Wide operating temperature (-20°C to 50°C) ideal for cold storage environments

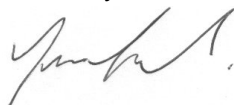

Ordering Information:

FG-03-009 FST-851-WP – FlashScan sealed thermal sensor (Fixed Temperature)

FG-03-010 FST-851R-WP – FlashScan sealed thermal sensor (Rate of Rise)

Contact your systems consultant for more information.

Sincerely,

James Edwards
Product Manager
