

Date: 21<sup>st</sup> January, 2008

<b>Affected Products:</b>	12052 – SMART <sup>4</sup> Multi-criteria detector
---------------------------	--

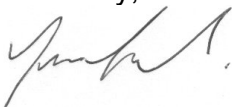

Notifier is pleased to announce the release of the SMART<sup>4</sup> multi-criteria addressable sensor. This new CLIP protocol detector combines, independent carbon monoxide, photoelectric smoke, thermal and infra-red detectors, all managed by an embedded microprocessor running a set of very sophisticated and responsive algorithms.

Through the use of its individual sensor outputs and algorithms the SMART<sup>4</sup> provides a solution which is both ultra-immune to non-fires and yet very sensitive to fires.

### Ordering Information:

<b>Part #</b>	<b>Description</b>	<b>Trade Price</b>
12052	SMART <sup>4</sup> – Multi-criteria detector (CO, Photo-optical, Thermal, Infra-Red)	\$250

Sincerely,

James Edwards
