Affected Products: High Speed Network Control Module – HS-NCM

Notifier is pleased to announce the release of the new High Speed Network Control Module. The HS-NCM provides full support for all the features of High Speed NOTI-FIRE-NET (HS-NFN) to the AFP-2800.

High Speed NOTI-FIRE-NET provides the following advantages over standard NOTI-FIRE-NET

- Increased node limit – supports up to 200 network nodes
- Supports wire, single-mode and multi-mode fibre, wire/fibre hybrids
- Communicates many times faster than standard networks—12Mb for wire and 100Mb for fibre
